#### **About College:**

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

#### **About Department:**

The department of Electronics and Communication Engineering was inaugurated in the year 2008, with in-take of 60 seats and in the year 2009 the no of seats extended to 120. The Electronics and communication engineering program is recognized by All India Council for Technical Education (AICTE)-New Delhi, a statutory body of Government of India and approved by Jawaharlal Nehru Technical University, Kakinada. The Department is known for its esteemed faculty members who are renowned for their path- breaking contributions in the field of electronics and communications. Ambitious is probably an understatement when it comes to proving their mettle, our students let their practical knowledge and theoretical soundness do the talking.

#### **Learning Outcomes:**

- Explain the basic properties of semiconductors including the ban gap, charge carrier concentration, dropping and charge carrier injection/excitation.
- 2. Explain the working, design considerations and applications of various semiconducting devices including p-n junctions, BJTs and FETs.
- 3. Describe the working and design considerations for the various photonic devices like photo detectors, solar-cells and LEDs.

#### **About The Course:**

The main objective of the program is to give good knowledge on semi-conductor physics and discuss working applications of basic devices, including p-n junctions BJTS and FETS.

#### **Topics Covered:**

- Introduction to Semi Conductors and It's Types
- Effective mass in Semiconductors.
- Intrinsic carrier density.
- Doping and extrinsic semiconductors.
- Fermi level in extrinsic semiconductors.
- Temperature dependence of Fermi level.
- Temperature dependence of Fermi level.
- Charge neutrality relationship.

No. of Students attended: 60

Venue: II ECE Class Room, WISE college.

The Department of Electronics Communication and Engineering has organized a Two Week certificate course on "Emerging Trends in Image Processing" on 12.09.2022 to 24.09.2022 at WISE College, Prakasaraopalem. Mr.L.Sankar, Assistant Professor at WISE college, has delivered a lecture on "Emerging Trends in Image Processing" as industrial level and this topic is very helpful for the students. Totally 60 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

#### Objectives:

The main objective of the program is to give good knowledge on semi-conductor physics and discuss working applications of basic devices, including p-n junctions BJTS and FETS.

#### Learning Outcomes:

- . Explain the basic properties of semiconductors including the ban gap, charge carrier concentration, droping and charge carrier injection/excitation.
- Explain the working, design considerations and applications of various semiconducting devices including p-n junctions, BJTs and FETs.
- Describe the working and design considerations for the various photonic devices like photo detectors. solar-cells and LEDs.

This Course was very useful to the students and their feedback is positive. The management and Dr.M.Aravind Kumar, Principal of WISE thanked the resource person and participants for making the program successful.

#### **About the Department:**

West Godavari Institute of science and engineering has started Mechanical Engineering Department with UG Program BTech in year 2009, with the initial intake of 60.

The Department of Mechanical Engineering is a discipline that finds wide scope in emerging areas like CAD, CAM, CIM, Robotics, Mechatronics and Renewable Energy etc. The Department is provided with state-of-the-art laboratories and workshops. The students of our Department have good communication and Inter personal skills. The department has very good infrastructure facilities, well ventilated classrooms, laboratories and advanced and licensed software facilities. Some of the laboratories are kept open beyond college hours to facilitate more time in experiential learning and student project works. Utilizing these facilities students regularly participate in professional body activities like ASME-HPVC and SAE Baja and win prizes. Students are encouraged to improve their innovative skills. As a result, some of the students' projects were converted into products.

#### **Objectives of the Programme:**

- To learn about Python programming language
- syntax, semantics, and the runtime environment
- To be familiarized with universal computer programming concepts like data types, containers
- To be familiarized with general computer programming concepts like conditional, loops & functions
- To be familiarized with general coding techniques and object-oriented programming

#### **Learning Outcomes:**

- Develop essential programming skills in computer programming concepts like datatypes, containers
- Apply the basics of programming in the Python language
- Solve coding tasks related conditional execution, loops
- Solve coding tasks related to the fundamental notions and techniques used in object oriented programming

Venue: III ME Class Room, WISE College.

The Department of Mechanical Engineering has organized a **Two Week certificate** course on "Basics of Python Programming Language" on 12.09.2022 to 24.09.2022 at WISE College, Prakasaraopalem. Mr.N.Kondayya, Assistant Professor at WISE college, has delivered a lecture on "Basics of Python Programming Language" as industrial level and this topic is very helpful for the students. Total 31 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

#### **Objectives:**

- To learn about Python programming language syntax, semantics, and the runtime environment.
- To be familiarized with universal computer programming concepts like data types, containers.
- To be familiarized with general computer programming concepts like conditional, loops & functions.
- To be familiarized with general coding techniques and object-oriented programming.

#### **Learning Outcomes:**

- Develop essential programming skills in computer programming concepts like datatypes, containers
- Apply the basics of programming in the Python language
- Solve coding tasks related conditional execution, loops
- Solve coding tasks related to the fundamental notions and techniques used in object oriented programming

This Course was very useful to the students and their feedback is positive. The management and Dr.M.Aravind Kumar, Principal of WISE thanked the resource person and participants for making the program successful.

The Department of Electronics Communication and Engineering has organized a Two Week certificate course on "Front End Development Tools" on 07.11.2022 to 19.11.2022 at WISE College, Prakasaraopalem. Mr.P.Syam Prasad, Assistant Professor at WISE college, has delivered a lecture on "Front End Development Tools" as industrial level and this topic is very helpful for the students. Total 55 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

#### Objectives:

- A Front-End Web Development Tool is actually the software that allows the front-end developers to build the website layout and UI more efficiently and without any hassle.
- Tools the work of front-end web developers, especially the repetitive or monotonous tasks, gets reduced that subsequently fastens the web development process.
- There are numerous front-end web development tools out there for various specific requirements such as HTML, CSS, and JavaScript tools, Code-Editing tools, Deployment Tools, Prototyping & Wire framing tools, Security tools, and many more.

#### Learning Outcomes:

- Code editors, such as Sublime Text, Visual Studio Code, and Atom, that provide syntax highlighting, code completion, and debugging features.
- Version control and collaboration tools, such as Git, GitHub, and Bitbucket, that allow developers to track changes, share code, and work together on projects.
- Pre-processors, such as Sass and Tailwind CSS, that extend the functionality and features of CSS.
- Frameworks, such as Bootstrap, Angular, and React, that provide ready-made components and templates for building responsive and interactive web pages.
- Testing and debugging tools, such as Chrome Developer Tools, CodePen, and Am I Responsive, that help developers inspect, modify, and troubleshoot web elements.

This Course was very useful to the students and their feedback is positive. The management and Dr.M.Aravind Kumar, Principal of WISE thanked the resource person and participants for making the program successful.

## **About College:**

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

## **About Department:**

The department of Electronics and Communication Engineering was inaugurated in the year 2008, with in-take of 60 seats and in the year 2009 the no of seats extended to 120. The Electronics and communication engineering program is recognized by All India Council for Technical Education (AICTE)-New Delhi, a statutory body of Government of India and approved by Jawaharlal Nehru Technical University, Kakinada. The Department is known for its esteemed faculty members who are renowned for their path- breaking contributions in the field of electronics and communications. Ambitious is probably an understatement when it comes to proving their mettle, our students let their practical knowledge and theoretical soundness do the talking.

## **Learning Outcomes:**

- An ability to independently carry out research /investigation and development work to solve practical problems
- An ability to write and present a substantial technical report/document
- Students should be able to demonstrate a degree of mastery over the area as per the specialization of the program. The mastery should be at a level higher than the requirements in the appropriate bachelor program.

### Resource Person:

Mr. L. Sankar , Asst. Professor, Dept of ECE, WISE.

## Objectives of the Programme:

- To develop and maintain applications written using Embedded C.
- Independently design and develop a hardware platform encompassing a microcontroller and peripherals.

## **Topics Covered:**

- · Basics of Controller
- · Hardware Kit Extension
- Related Software in Embedded System (Python)
- IC development(PCB)
- · Architectures of Controller

The Department of Electronics Communication and Engineering has organized a **Two Week certificate course** on "Recent Trends in Embedded systems" on 21.11.2022 to 03.12.2022 at WISE College, Prakasaraopalem. Mr.L.Sankar, Assistant Professor at WISE college, has delivered a lecture on "Recent Trends in Embedded Systems" as industrial level and this topic is very helpful for the students. Total 20 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

#### **Objectives:**

• The main objective of the program is to give good knowledge on semi-conductor physics and discuss working applications of basic devices, including p-n junctions BJTS and FETS.

## **Learning Outcomes:**

- Explain the basic properties of semiconductors including the ban gap, charge carrier concentration, dropping and charge carrier injection/excitation.
- Explain the working, design considerations and applications of various semiconducting devices including p-n junctions. BJTs and FETs.
- Describe the working and design considerations for the various photonic devices like photo detectors, solar-cells and LEDs.

This Course was very useful to the students and their feedback is positive. The management and Dr.M.Aravind Kumar, Principal of WISE thanked the resource person and participants for making the program successful.
