About College

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 - acres campus at Prakasaraopalem, Tadepalli Gudem, Andhara Pradesh .

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

About Department

To form an ambient base for the entire present and future pursuits of the institution by laying sound foundation through basic sciences and language skills which act as the fulcrum of all advanced learning activities of students of technology and be highly sensitive and responsive to the emerging global norms and demands in education, research and development and industry.

Program Objectives :

1. Build active listening skills that improve lines of communication with others
2. To be aware of our own communication barriers.
3. To learn different phrases/strategies that improve how we respond others.
4. Understand and apply communication theory.
5. The primary objective of Leadership is mission accomplishment.
6. Mission accomplishment is achieving your goal. Achieving your goal is your primary focus when asked to take on a task
7. The secondary goal of leadership is troop welfare.
8. Leadership development programs teach aspiring managers how to provide constructive feedback, solve problems, motivate teams to hit goals and resolve interpersonal conflicts.

Learning Outcomes:

- To develop knowledge, skills, and judgment around human communication that facilitates their ability to work collaboratively with others.
- Skills could include communication competencies such as managing conflict, understanding small group processes, active listening, appropriate self-disclosure.
- Communication serves five major purposes: to inform, to express feelings, to imagine, to influence, and to meet social expectations.
- Leadership skills training typically encourages managers and leaders to find new, innovative ways of developing and managing people.

Topics Covered:

- Active Listening.
- Barriers to effective communication.
- Straight talk on bad language.
- Verbal communication.
- How to be a great conversationalist.
- Putdown offenders.
- Social cues.
- Interpersonal communication for managers.

PROGRAM REPORT

Name of Program: A Two week Certificate Program on “**Communication And Leadership Skills**”.

Date : 15.11.2021 to 27.11.2021

Resource Person: Dr.A.S Prasad, Assoc Prof ,WISE College,

Prakasaraopalem, Avapadu, Tadepalligudem.

Ph No: 9885603257

Mail-Id: prof.satyaprasad@gmail.com

Name of Coordinator: Mr B.S.R.S.SIVAKUMAR,

Asst.Professor, Dept of S&H

No. of Students attended: 110

Venue: Seminar Hall, WISE College.

The Department of Science and Humanities has organized a **Two Week certificate program** on “**Communication and Leadership Skills** ” on 15.11.2021 to 27.11.2021 at WISE College, Prakasaraopalem. Mr. Dr.A.S Prasad, Associate Professor at WISE college, has delivered a lecture on Communication and Leadership skills this topic is very helpful for the students. Total 110 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

- Build active listening skills that improve lines of communication with others
- To be aware of our own communication barriers.
- To learn different phrases/strategies that improve how we respond others.
- Understand and apply communication theory.
- The primary objective of Leadership is mission accomplishment.
- Mission accomplishment is achieving your goal. Achieving your goal is your primary focus when asked to take on a task
- The secondary goal of leadership is troop welfare.

- Leadership development programs teach aspiring managers how to provide constructive feedback, solve problems, motivate teams to hit goals and resolve interpersonal conflicts.

Topics Covered:

- Active Listening.
- Barriers to effective communication.
- Straight talk on bad language.
- Verbal communication.
- How to be a great conversationalist.
- Putdown offenders.
- Social cues.
- Interpersonal communication for managers.

Learning Outcomes:

- To develop knowledge, skills, and judgment around human communication that facilitates their ability to work collaboratively with others.
- Skills could include communication competencies such as managing conflict, understanding small group processes, active listening, appropriate self-disclosure.
- Communication serves five major purposes: to inform, to express feelings, to imagine, to influence, and to meet social expectations.
- Leadership skills training typically encourages managers and leaders to find new, innovative ways of developing and managing people.

This Course was very useful to the students and their feedback is positive. The management and Dr.M.Aravind Kumar, Principal of WISE thanked the resource person and participants for making the program successful.

About College:

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

About the Department:

The department of Electronics and Communication Engineering was inaugurated in the year 2008, with an intake of 60 seats and in the year 2009 the no of seats extended to 120. The Electronics and communication engineering program is recognized by All India Council for Technical Education (AICTE)-New Delhi, a statutory body of Government of India and approved by Jawaharlal Nehru Technical University, Kakinada. The Department is known for its esteemed faculty members who are renowned for their path-breaking contributions in the field of electronics and communications. Ambitious is probably an understatement when it comes to proving their mettle, our students let their practical knowledge and theoretical soundness do the talking.

Objectives of the Programme:

1. The growth and development of Augmented and virtual reality solutions for achieving the digital transformations.
2. Develop the state of the art research, development and testing facilities/laboratories for advanced algorithms, applications and methods in aid of virtual and Augmented reality for immersive virtualization and allied areas.
3. Develop application platform for specific skill development programs based on industry needs.

Learning Outcomes:

1. AR/VR makes learning more immersive and engaging for students.
2. It improves memory retention in kids.
3. It promotes self-Learning and self-sufficiency between students.

About The Course:

Virtual reality (VR) and augmented reality (AR) have exciting potential in the future of gaming, marketing, e-commerce, education, and many other fields. Both technologies are known for their enriched experience that brings together a virtual world and the real one with enhanced, 3-D visuals.

Title: AUGMENTED REALITY AND VIRTUAL REALITY

Resource Person:

K.M.Unnisha Begum
Assistant Professor,
WISE.

Venue:

III ECE Class Room,
WISE College

Topics Covered:

1. Introduction to Virtual Reality (VR)
2. Computer Graphics and Geometric Modelling
3. Virtual Environment
4. Development Tools and Frameworks
5. AR / VR Applications Introduction, Engineering.
6. Entertainment Science, Training, Game Development

About College:

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 - acres campus at Prakasaraopalem, Tadepalli Gudem, Andhara Pradesh .

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

About Department:

Our students at the Department of Computer Science Engineering (CSE) prepare for a career that is at the heart of the modern industrial revolution. Steeped in logic, mathematics, and computers, we offer a course that helps students solve some of the toughest engineering and scientific challenges the Society faces today and venture into a promising future.

Our expert faculty and advanced research infrastructure motivate aspiring professionals to pursue CSE at our college and build bright careers in almost any field in engineering and science, from IT and automobiles to space.

Objectives of the Programme:

1. Quantum Technology is used to update modern computers and digital communication.
2. Quantum's influence is expected to be significant and transformational in the future with applications spanning from optimization to machine Learning, simulation, precision sensing, and security.
3. Quantum computing has the potential to solve problems that are currently unsolvable. The possibilities are enormous, from searching large data sets, to designing new materials and medicines, to discovering new drugs and cures for diseases.
4. To know about Quantum computing, Quantum optimization, Quantum Machine Learning, Quantum Simulation, Quantum communication and Quantum Sensing.

About The Program:

Quantum technology is an emerging field of physics and engineering, encompassing technologies that rely on the properties of quantum mechanics, especially quantum entanglement, quantum superposition, and quantum tunneling. Quantum computing, sensors, cryptography, simulation, measurement, and imaging are all examples of emerging quantum technologies.

Resource Person:

Mr. A.MOHAN MANIDRANADH,
Department of CSE,

Topics Covered:

1. Introduction of Quantum computing
2. Quantum error correction and fault tolerance.
3. Quantum complexity.
4. Quantum algorithms.
5. Quantum information theory.
6. Spin-based quantum information processing.
7. Nano-electronics-based quantum information processing.
8. Optical quantum information processing.
9. Quantum cryptography.

The Department of Computer Science and Engineering has organized a **Two week certificate program** on “Quantum Computing” on 14.12.2021 to 23.12.2021 at WISE College, Prakasaraopalem. Mr.A.Mohan Manidranadh, Assistant Professor at WISE college, has delivered a lecture on Data Augmented reality and virtual reality and this topic is very helpful for the students. Total 45 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

- Quantum Technology is used to update modern computers and digital communication.
- Quantum’s influence is expected to be significant and transformational in the future with applications spanning from optimization to machine Learning, simulation, precision sensing, and security.
- Quantum computing has the potential to solve problems that are currently unsolvable. The possibilities are enormous, from searching large data sets, to designing new materials and medicines, to discovering new drugs and cures for diseases.

About College:

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

About Department:

MBA is a master's degree in business administration, which attracts people from a wide range of academic disciplines. The institute offers a postgraduate degree in management which is recognized in India.

In the MBA program, student teams participate in different projects that benefit the student community and local service organizations to bring greater awareness among the people. The service project is a required part of orientation week for students in the MBA program in the college. The orientation focuses on team building and learning practical skills for effectively working in and managing a team.

Objectives of the Programme:

The program aims at developing an overall understanding of digital marketing online marketing platforms, mainly

- Web analytics,
- Social media tools,
- Marketing through search engines.

Learning Outcomes:

1. Critically evaluate the key analytical frameworks and tools used in marketing.
2. Apply key marketing theories, frameworks and tools to solve Marketing problems.
3. Utilise information of a firm's external and internal marketing environment to identify and appropriate marketing strategies.

About The Course:

Recent Trends in Digital Marketing Programme to implementing online marketing in different social media platforms.

PROGRAM REPORT

Name of Program: A Two week Certificate Program on “Recent Trends In Digital Marketing”.

Date : 02.01.2022 to 12.01.2022

Resource Person: N.Devi Sirisha, Asst.Prof

Dept of MBA, WISE.

Prakasaraopalem, Avapadu, Tadepalligudem.

Ph No: 9885603257

Mail-Id: wise.mba.dept@gmail.com

Name of Coordinator: Mr. M.Satish, Asst.Prof,

Dept of MBA, WISE College

No. of Students attended: 60

Venue: II MBA Class Room, WISE college.

The Department of Science and Humanities has organized a **Two week certificate program** on “Recent Trends In Digital Marketing ” on 02.01.2022 to 12.01.2022 at WISE College, Prakasaraopalem. **Mrs.N.Devi Sirisha**, Assistant Professor at WISE college, has delivered a lecture on Recent Trends In Digital Marketing this topic is very helpful for the students. Totally 60 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives Of the Programme:

- The program aims at developing an overall understanding of digital marketing online marketing platforms, mainly web analytics, social media tools, marketing through search engines.

Topics Covered:

- Introduction to Digital Marketing
- Website Design Guidelines
- Domain Registration and Hosting

WEST GODAVARI INSTITUTE OF SCIENCE AND ENGINEERING

(Approved by AICTE –New Delhi and Affiliated to JNTU – Kakinada)

An ISO 9001 – 2008 Certified College

AVAPADU, PRAKASARAOPALEM – 534112 , Nallajerla Mandal, W.G.Dist. (A.P.)..

Cell : **9951277789**, E-mail : principal.wise@gmail.com , website : www.wise.ac.in

- Search Engine Optimization
- Facebook Marketing
- Twitter Marketing
- Linked In Marketing

Learning Outcomes:

- Critically evaluate the key analytical frameworks and tools used in marketing.
- Apply key marketing theories, frameworks and tools to solve Marketing problems.
- Utilise information of a firm's external and internal marketing environment to identify and appropriate marketing strategies.

This Course was very useful to the students and their feedback is positive. The management and Dr.M.Aravind Kumar, Principal of WISE thanked the resource person and participants for making the program successful.

ABOUT DEPARTMENT :

The department of Electronics and Communication Engineering was inaugurated in the year 2008, with in-take of 60 seats and in the year 2009 the no of seats extended to 120. The Electronics and communication engineering program is recognized by All India Council for Technical Education (AICTE)-New Delhi, a statutory body of Government of India and approved by Jawaharlal Nehru Technical University, Kakinada. The Department is known for its esteemed faculty members who are renowned for their path-breaking contributions in the field of electronics and communications. Ambitious is probably an understatement when it comes to proving their mettle, our students let their practical knowledge and theoretical soundness do the talking.

ABOUT COLLEGE :

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

SEMI CONDUCTOR DEVICES

A Two Week Certificate Programme

DATES:

07th to 21th, Feb - 2022

Organising By:

Department of ECE

A Two Weeks Add on Course on
SEMI CONDUCTOR DEVICES

Dates: 07-02-2022 to 21-02-2022

Venue: II ECE Class Room, WISE College

Resource Person :

M. SAI GANESH ,
Asst. Professor,
Dept of ECE, ECET.

Co - Ordinator:

Mrs. B.Anusha,
Asst.Prof, Department of ECE
Mail-id:
anusha.basamsetti@gmail.com

Objectives:

The main objective of the program is to give good knowledge on semi-conductor physics and discuss working applications of basic devices, including p-n junctions BJTs and FETs.

Learning Outcomes:

1. Explain the basic properties of semiconductors including the band gap, charge carrier concentration, doping and charge carrier injection/excitation.
2. Explain the working, design considerations and applications of various semiconducting devices including p-n junctions, BJTs and FETs.
3. Describe the working and design considerations for the various photonic devices like photo detectors, solar-cells and LEDs.

Topics Covered

- ♦ Introduction to Semi Conductors and It's Types
- ♦ Effective mass in Semiconductors.
- ♦ Intrinsic carrier density.
- ♦ Doping and extrinsic semiconductors.
- ♦ Fermi level in extrinsic semiconductors.
- ♦ Temperature dependence of Fermi level.
- ♦ Temperature dependence of Fermi level.
- ♦ Charge neutrality relationship.

About College:

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

About Department:

Our students at the Department of Computer Science Engineering (CSE) prepare for a career that is at the heart of the modern industrial revolution. Steeped in logic, mathematics, and computers, we offer a course that helps students solve some of the toughest engineering and scientific challenges the Society faces today and venture into a promising future.

Our expert faculty and advanced research infrastructure motivate aspiring professionals to pursue CSE at our college and build bright careers in almost any field in engineering and science, from IT and automobiles to space.

Objectives of the Programme:

1. Accelerate to explore data from variety of sources by building inferential models and generating Charts, Graphs, and other Data Representations.
2. Understand the structure of data and manipulate the data.
3. Master the use of R and R Studio interactive environment
4. Explore and Understand how to use the R documentation.

Learning Outcomes:

1. Analysing data using R to produce Static graphics and good quality of data visualisation.
2. Apply OOP's concepts using R Programming.
3. Analyse data and generate reports based on the previous data.

About The Course:

Data science using R-Programming is we can evaluate data using R programming. R is a software environment which is used to analyze statistical information and graphical representation.

Title: Data Science using R Programming

Resource Person:

Mr. K.Krishna,
Asst.prof, Department of CSE,
WISE.

Topics Covered:

- Introduction to R Programming
- R Sessions and Functions, Basic Math, Variables, Data Types,
- Advanced Data Structures, Data Frames, Lists, Matrices, Arrays, Classes.
- Doing Math and Simulation in R, Math Function
- Extended Example Calculating Probability-Cumulative
- Data Science applied in R tool and generating Results
- Graphics, Creating Graphs, The Workhorse of R Base Graphics,
- The plot() Function—Customizing Graphs, Saving Graphs to Files.
- Linear Models, Simple Linear Regression, Multiple Regression
- Generalized Linear Models, Logistic Regression

PROGRAM REPORT

Name of Program: A Two week Certificate Program on “Data Science using R Programming”.

Date : 02.03.2022 to 16.03.2022

Resource Person: Mr.K.Krishna

Assistant Professor, WISE College,
Prakasaraopalem, Avapadu, Tadepalligudem.
Ph No: 9491497741
Mail Id: kkle@gmail.com

Name of Coordinator: T.Durga Devi.

Asst.Professor, Dept of CSE

No. of Students attended: 55

Venue: III CSE Class Room, Wise college.

The Department of Computer Science and Engineering has organized a certificate course on “Data Science using R Programming” on 02.03.2022 to 16.03.2022at WISE College, Prakasaraopalem. Mr.K.Krishna Assistant Professor at WISE college, has delivered a lecture on Data Science using R Programming and this topic is very helpful for the students. Totally 55 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

- Accelerate to explore data from variety of sources by building inferential models and generating Charts, Graphs, and other Data Representations.
- 2.Understand the structure of data and manipulate the data.
- 3.Master the use of R and RStudio interactive environment
- 4. Explore and Understand how to use the R documentation.

Topics covered:

- Introduction to R Programming.
- Explore analysis regarding data using oop's concepts

Cell : 9951277789, E-mail : principal.wise@gmail.com , website : www.wise.ac.in

Learning Outcomes:

1. Analysing data using R to produce Static graphics and good quality of data visualisation.
2. Apply OOP's concepts using R Programming.
3. Analyse data and generate reports based on the previous data.

This Course was very useful to the students and their feedback is positive. The management and Dr.M.Aravind Kumar, Principal of WISE thanked the resource person and participants for making the program successful.

About College:

West Godavari Institute Of Science and Engineering – A modern temple of learning, an offshoot of the Sri Krishna Environmental and Educational Society was established in the year 2008 in a sprawling, lush green 14 -acres campus at Prakasaraopalem, Tadepalligudem.

The college provides a serene and tranquil environment to the students, boosting their mental potential and preparing them in all aspects to face the global competition.

West Godavari Institute of Science and Engineering promotes and nurtures the talents of its students. We emphasize growth as a whole person comprising the Body, Mind & Soul.

About Department:

West Godavari Institute of science and engineering has started Mechanical Engineering Department with UG Program BTech in year 2009, with the initial intake of 60.

The Department of Mechanical Engineering from the day of its inception, has been taking long strides in the field of science and Engineering. One of the oldest and active Departments anticipated the rapid developments in technology and software and provided the most sophisticated laboratory facilities & excellent infrastructure. The Department has well qualified dedicated enthusiastic teaching & technical staff. It is a discipline that finds wide scope in emerging areas like CAD, CAM, CIM, Robotics, Mechatronics and Renewable Energy etc.

Objectives of the Programme:

- To learn about Python programming language syntax, semantics, and the runtime environment
- To be familiarized with universal computer programming concepts like data types, containers
- To be familiarized with general computer programming concepts like conditional, loops & functions
- To be familiarized with general coding techniques and object-oriented programming

About The Program:

Python is a high-level, general-purpose programming language. Its design philosophy emphasizes code readability with the use of significant indentation using OOP'S concepts.

Title: Python Programming Language

Resource Person:

D.Haritha ,
Asst.professor
Department of CSE,
WISE.

Topics Covered:

- Introduction to Python
- Data Types in Python
- Control Structures in Python
- Oop's Concepts
- Applications of python Using OOp's

Learning Outcomes:

- Develop essential programming skills in computer programming concepts like datatypes, containers
- Apply the basics of programming in the Python language
- Solve coding tasks related conditional execution, loops
- Solve coding tasks related to the fundamental notions and techniques used in object oriented programming
